

# ER.I.C.

EMILIA-ROMAGNA INTERMODAL CLUSTER

## Emilia-Romagna Intermodal cluster ER.I.C. at Transport Logistic 2019

Present:

### REIF PROJECT

All across CE space rail freight transport dramatically lost market shares. To reverse this negative trend huge investment programs are under way with a focus on main corridors. Complementary to this initiative REIF aims at increasing the modal share of rail freight transport through mitigation measures for the regional rail feeder system. In particular, REIF is tackling relevant challenges related to lacking connectivity at regional level. In this purpose, REIF is developing and applying tools to analyse regional potentials for rail freight transport, identifying infrastructural bottlenecks, and effective measures for either preserving vulnerable connections or even redeveloping closed tracks.

Emilia-Romagna Intermodal cluster- ER.I.C - is very pleased to invite you in Munich for Transport Logistic 2019, from the 4th to the 7th of June.

You are welcome to visit us at Hall B3 in booth 215

**On Wednesday June 5th, from 3 PM**, ER.I.C. will present **REIF project** and Ravenna Port Hub new project to the European intermodal operators railways undertaking, MTO and forwarders during a dedicated workshop.

The workshop will show how REIF project will act to support ER.I.C. towards the European intermodal network toward Central Europe Market.

The workshop will be enriched by presentation provided by:

- Mr. Paolo Ferrecchi Director of the General Directorate for Territorial and the Environmental Care of the Emilia-Romagna Region
- Mr. Daniele Rossi President of Ravenna Port Authority
- Mr. Andrea Bardi General Manager at Institute for Transport and Logistic Foundation

If you wish to join us for the workshop, you can send us an e-mail to: [giuliana.chiodini@regione.emilia-romagna.it](mailto:giuliana.chiodini@regione.emilia-romagna.it)
