WPT2 - Highlights

Definition of pilot action as per Programme guidelines:

"A pilot action means the implementation of schemes of an experimental nature to test, evaluate and/or demonstrate its feasibility with the aim to capitalise on those results and transfer practices to other institutions and territories"

Are we sure all our PAs are coherent with this definition?

Common deliverables:
1) ITL & RER: which would be the PP responsible for the implementation of the PA?
2) D.T2.4.4 for Slovenia: which would be the PP responsible for the regional publicity campaigns?

Thank you for your kind attention!
